

CAPITAL IMPROVEMENT PROGRAM 2008 PROJECT SCHEDULE

PROJECT No.		DR0505		PROJECT DESCRIPTION The City’s Master Drainage Plan (MDP) is a conceptual planning document that identifies the various watersheds within the City’s jurisdiction. It is utilized to help establish policy and identify future studies, and is also used as the basis for formulating the City’s Drainage CIP. The MDP is not a specified engineering analysis but is comprised of a compilation of engineering analyses that have been performed in the past that helps to make a list of recommendations for each watershed.
